Annex I – *Code* Article 2.4 Whereabouts Requirements

### I.1 Introduction

I.1.1 An *Athlete* who is in a *Registered Testing Pool* is required:

a. to make quarterly Whereabouts Filings that provide accurate and complete information about the *Athlete*’s whereabouts during the forthcoming quarter, including identifying where he/she will be living, training and competing during that quarter, and to update those Whereabouts Filings where necessary, so that he/she can be located for *Testing* during that quarter at the times and locations specified in the relevant Whereabouts Filing, as specified in Article I.3. A failure to do so may be declared a Filing Failure; and

b. to specify in his/her Whereabouts Filings, for each day in the forthcoming quarter, one specific 60-minute time slot where he/she will be available at a specific location for *Testing*, as specified in Article I.4. This does not limit in any way the *Athlete*’s *Code* Article 5.2 obligation to submit to *Testing* at any time and place upon request by an *Anti-Doping Organization* with *Testing* Authority over him/her. Nor does it limit his/her obligation to provide the information specified in Article I.3 as to his/her whereabouts outside that 60-minute time slot. However, if the *Athlete* is not available for *Testing* at such location during the 60-minute time slot specified for that day in his/her Whereabouts Filing, that failure may be declared a Missed Test.

I.1.2 Three Whereabouts Failures by an *Athlete* within any 12-month period amount to an anti-doping rule violation under *Code* Article 2.4. The Whereabouts Failures may be any combination of Filing Failures and/or Missed Tests declared in accordance with Article I.5 and adding up to three in total.

I.1.3 The 12-month period referred to in *Code* Article 2.4 starts to run on the date that an *Athlete* commits the first Whereabouts Failure being relied upon in support of the allegation of a violation of *Code* Article 2.4. If two more Whereabouts Failures occur during the ensuing 12-month period, then a *Code* Article 2.4 anti-doping rule violation is committed, irrespective of any *Samples* successfully collected from the *Athlete* during that 12-month period. However, if an *Athlete* who has committed one Whereabouts Failure does not go on to commit a further two Whereabouts Failures within 12 months of the first, at the end of that 12-month period the first Whereabouts Failure “expires” for purposes of *Code* Article 2.4, and a new 12-month period begins to run from the date of his/her next Whereabouts Failure.

I.1.4 To give *Athletes* the full benefit of the changes to the 2015 *Code* (reducing the relevant period under *Code* Article 2.4 from 18 months to 12 months), any Whereabouts Failure that occurred prior to 1 January 2015 will “expire” (for purposes of *Code* Article 2.4) 12 months after the date of its occurrence.
