</table>

All General Principles apply unless expressly mentioned otherwise above (in particular in relation to size, frequency, location or Sports Brand requirements).
Additional IF Specifications

The following IF technical requirements apply in relation to the General Guidelines:

Section 8 · Third Party Identifications (athlete names)

Athletes shall wear a back number with their name and NOC code on the back of the jacket. The back number will be provided and sewn by the OGOC.

Section 10 · NOC Emblems and National Identity

The NOC emblem or national flag must be located on the left side of the jacket, at the chest level, with a maximum size of 100cm².

Section 12 · Homologation Marks

The IJF approved label must appear once on each piece of clothing. It is represented by an unforgeable optical label of 15.75cm² (3.5cm × 4.5cm) certifying that the judogi complies with the IJF current rules. Only one label is permitted per item. Only the judogi having successfully passed the tests by the official laboratories and approved by IJF may be used.

The label must be fixed:

- For the jacket: IJF approved label (red color) on the front side and at the bottom of the jacket, on the left side (jacket is folded on the right side), near or in the reinforced zone.
- For the pants: IJF approved label (red color) on the front side and the top of the pants, close to the middle.
- For the belt: IJF approved label (blue or red color) at one of the two edges of the belt.
Section 17 · Submission Process

Before the competition, the IJF officials control the homologation mark on each piece of competition clothing. The conformity of the IJF unforgeable optical label is verified by a UV lamp. A word “IJF” behind JUDOGI or a vertical line appears in the “O” of APPROVED and JUDOGI and in the circle of the IJF logo. A non-compliant judogi or belt will be denied.

All General Principles apply unless expressly mentioned otherwise above (in particular in relation to size, frequency, location or Sports Brand requirements).
